

Regulated Medical Waste Solutions

Solutions designed to protect people,
reduce landfill and ensure compliance.

Other Reusable Containers

Made from UV-stabilized HDPE plastic, Daniels' range of DOT-compliant reusable bins and tubs not only look smart, but are tough and durable enough to withstand the rigors of being filled, emptied, washed and reused countless times. Our **28 gallon and 38 gallon reusable tubs** feature flip-out handles for easy lifting, and snap fit lids to help seal odors. The **96 gallon mobile garbage bin** features a hinged lid with odor seal and two large 12 inch solid-rubber wheels for excellent mobility and maneuverability.

28 GALLON

H 22.9" x W 18.9" x D 18.9"

38 GALLON

H 31.8" x W 18.9" x D 18.9"

96 GALLON

H 41.9" x W 34.3" x D 23.1"

DANIELS DISPOSABLE OPTION

DISPOSABLE BOX

Making Waste Mobile

Daniels four-wheel dolly

Compatible with both the Daniels 28 Gallon and 38 Gallon reusable tubs, this rotationally moulded dolly facilitates the efficient movement of RMW waste through medical facilities. A compact, lightweight and easy-to-clean design, the Daniels dolly enables the reusable tubs to be easily maneuvered, mitigates occupational risks associated with lifting, and optimizes positioning under benches, desks and in tight spaces.

MOBILE DOLLY

H 5.4" x W 17.6" x D 17.6"

FEATURED WITH THE DANIELS 28 GALLON TUB

Packed with safer, more eco-friendly features.

- ▶ **WIDE OPENING**
- ▶ **NO PLASTIC LINERS OR CARDBOARD BOXES**
- ▶ **SECURE BUILT-IN LOCKING SYSTEMS**
- ▶ **LEAKPROOF BODY AND LID SEAL**
- ▶ **EFFECTIVE SEGREGATION**
- ▶ **FOOT-PEDAL OPERATION**
- ▶ **WHEELED OR STATIC MOUNTING**

An RMW service designed by you

Healthcare specialists across America have told us what they need, so that's what we've delivered.

- ▶ **Daniels owned & operated services**
Providing full cradle-to-grave waste management services, Daniels employees its own service technicians and truck fleet to ensure consistent professional service.
- ▶ **More Cost-Effective**
With one invoice per month for all services and 12-month fixed price scheduling to assist with budget planning.
- ▶ **Environmentally Responsible.**
A system based on reusable containers and non-incineration waste disposal.
- ▶ **Range of carts**
Mounting and movement accessories ensure containers are positioned at point-of-use and safely maneuvered through a facility.
- ▶ **Online Manifests**
Available on the Daniels Health website, allow you access to your records 24/7.
- ▶ **Fully Compliant**
with all state and federal regulations strictly adhered to.

"Daniels techs are very professional when on-site. To say that we are extremely satisfied is an understatement. I am sure that should you choose to partner with Daniels, you will be as satisfied with their outstanding service and professionalism as you are with their superior product."

Robert Nye, Director Environmental Services, Atlantic Healthcare Systems - Mountainside

Medismart

In the last three decades, despite rapid advancements within the medical industry, healthcare waste management practices have remained largely unchanged. Stationery, open lidded and/or full-touch waste receptacles are common in patient-care areas, together with the practice of transferring medical waste in bags, boxes or soft packaging. These all too prevalent practices result in heightened risk of spillage, infection transfer, pathogen build up and sharps penetration.

The Daniels Medismart system introduces a new standard of safe medical waste management. With proven infection risk minimization, segregation efficiencies and environmental burden reduction, the Medismart combats logistical challenges commonly associated with healthcare waste disposal whilst keeping staff and patient safety the highest priority.

Medismart Benefits

Dramatically reduced infection transfer

Cost-effective

Reusable system that's eco-friendly

Reduced waste through improved waste segregation

Time and Labor Reduction

Optimized Space

MEDISMART REUSABLE CONTAINER

H: 28.6" x **W:** 15.7" x **D:** 13.9"

Fill capacity: 12.4 gal

Total capacity: 16.9 gal

Daniels Health

Peer Reviewed Pedigree.

A 360 bed Acute Care private hospital found their use of a 64Gallon bin posed issues with infection and staff injury risk, logistics, waste volumes, space and cost, and furthermore, was not compliant with regulatory guidelines. A 3 year study examined the impact of transitioning from their 64Gallon bin to the Daniels 17Gallon Medismart.

THE RESULTS:

- ▶ Medical Waste mass reduction of **53.2%**
- ▶ Medical Waste volume reduction of **65.2%**
- ▶ Labor cost reduction associated with waste handling logistics of **69.2%**
- ▶ Medical waste disposal cost reduction **30.9%**
- ▶ Minimized infection potential and sharps injury risk
- ▶ Efficiencies in space and waste movement gained
- ▶ Improved waste segregation

Protecting you from regulatory change.

There are stringent laws governing the disposal of regulated medical waste and they place liability on the generator of the waste, not the company disposing it.

That's where the experience and world-wide strength of Daniels is **vital**.

Our size enables us to stay at the forefront of regulatory compliance and helps protect you from the dangers of constant legal change. We'll work with you to ensure your regulatory responsibilities are covered, while helping you maximize the efficiency and segregation potential of handling multiple waste streams.

As a company we are passionate about doing business sustainably; empowering the wellbeing of our employees and their communities, driving a spirit of innovation within our culture, and making ecological choices that reduce environmental impact.

Harnessing technology to drive sustainable outcomes, Daniels Health has become globally recognized for sustainable products and waste processing solutions that dramatically reduce environmental burden.

Daniels Health Overview

30 years of healthcare waste experience

Now operating in 6 countries

With 50 plants & transfer stations

Serving 20,000+ customers

At 40,000+ service locations

By 230+ Daniels trucks
