

Welcome to

Daniels Health

Welcome

It is with great pleasure we welcome you as a partner.

We are excited to be able to serve you in managing your healthcare waste management and are committed to making the transition from Medsharp Disposal to Daniels Health as seamless as possible.

As a family owned business we have a great [story](#) that is tied into a pretty inspiring mission - making healthcare safer. For 37 years, Daniels solutions have protected healthcare staff in over 20,000 facilities across six countries. Through clinically-designed containment systems that reduce needlesticks and infection risk, national service capability with local experts, and a service solution that is remarkably different in its approach, we are passionate about driving clinical outcomes through every healthcare facility we partner with.

At Daniels we take very seriously our responsibility in providing a vital service that supports patient care and we want to deliver our best for you through our services, our support, and our people. We want to keep you in the conversation; making it easy for you to make changes to your service, being able to recognize when we excel and being able to call for help when something's not quite right. To assist in the transition of services to Daniels Health we have set up a webpage with FAQs danielshealth.com/daniels-medsharp and we've even set up a webpage just so you can let us know how we're doing in supporting your needs danielshealth.com/experience

We are so happy to have you on board and look forward to a longterm partnership of making healthcare safer.

Thank you for the opportunity to work together.

Yours sincerely,

Dan Daniels

Now that we're connected...

Here are some resources to help you optimize the safety, efficiencies and environmental impact of your healthcare waste management.

Visit danielshealth.com/experience ►

We want you to always feel that your voice is important. Visit our 'Experience' page to quickly navigate who to talk to, submit testimonials or complete a survey to let us know how we're doing in our job of serving you!

Knowledge Center | [Blog](#) ►

Housing the latest research in needlestick injuries, state regulations on medical waste handling, tips on better segregation, and articles that give you an insight into "what makes us tick", our knowledge center is full of rich content designed to help you maximize your safety, compliance and environmental footprint.

Knowledge Center | [Education](#) ►

We want you to be equipped to achieve 100% safety and compliance through your healthcare waste management program. Download Safe Operating Procedures, waste segregation posters, waste audit instructions and more in our Education hub.

[FAQs](#) ►

Have a question? We have answers! Our FAQ library is designed as a quick resource hub for commonly asked questions. And, if you can't find the answer you're looking for, chat with one of our customer excellence advocates via our online chat function!

Manifests - FAQs

How will I sign manifests?

You will sign a digital manifest on a **handheld device provided by our driver**.

How can I get a copy of the digital manifest?

Moving forward, we will be sending you copies of your manifests via email. There will be **two versions** of the e-manifest. **Version 1** will be emailed to you at service completion. Once we've signed off everything on our end (weight, verification, etc.), **Version 2** will be emailed to you, likely the day following service.

Version 1

This screenshot shows a manifest form for Daniels Health. The manifest number is W1010008235, dated 01/19/23. The form includes fields for originator, carrier, transporter, and destination. It also features a table for waste collection with columns for product, quantity, and weight. In the signature section, the 'Signatures Present' field is highlighted in red, and the 'Name of authorized person (print)' field for the driver is empty, with a red box around it containing the text 'Values Not Yet Present'.

Version 2

This screenshot shows the same manifest form as Version 1, but with the signature section completed. The 'Signatures Present' field is now filled with the name 'D. Garrard'. The 'Name of authorized person (print)' field for the driver is also filled with 'Joe Bloggs'. In the signature section, the 'Name of authorized person (print)' field for the driver is highlighted in red, and the 'Signature' field is filled with a blue ink signature, with a red box around it containing the text 'Values Filled'. There are also additional blue ink signatures in the 'Name of authorized person (print)' and 'Signature' fields for 'Andrew Johnson'.

Which email address are you using to contact me?

We will be contacting the email address that we have on file from previous communications. **To ensure we have your correct information, please email DothanOrders@danielshealth.com with your up-to-date email address.**

I currently use Compliance Publishing to access my manifests. Will I still be able to do that?

If you have existing Compliance Publishing access, you can still log in using your regular credentials to retrieve copies of manifests **prior to March 2023**.

From all of us at Daniels Health,

We thank you for choosing us as your partner. We hope that you will feel valued in every interaction you have with our team, and that through our products, services and support, we will together be able to make healthcare safer.

If, through your journey with Daniels, you have an exceptional or a less-than-satisfactory experience with one of our team, we would greatly appreciate your feedback.
