

Cardboard Box

BROWN BOX – RED BAG

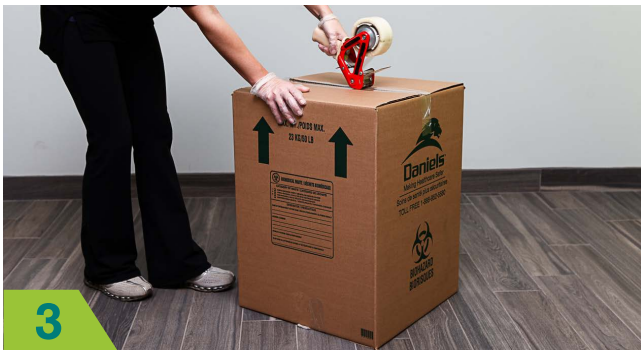

1

Turn over and seal bottom flaps with tape

2

Place liner into box and fold over the edges. Fill box with Biomedical waste. **No loose sharps are permitted outside of sharp collectors.**

3

Close lid by tapping the flaps down. Securely store in waste collection. **Liners should not be showing once the flaps have been taped.**

4

Seal all liners by twisting and hand-tying into a single knot.

5

Place appropriate label for waste type packaged in the box.

6

Contact your local Daniels service location for a pick-up of your container.
